Benjamin and Brecht Erdmut Wizisla,2016-08-09 A fascinating account of the friendship between two of the most brilliant minds of the twentieth century Germany in the mid 1920s, a place and time of looming turmoil, brought together Walter Benjamin—acclaimed critic and extraordinary literary theorist—and Bertolt Brecht, one of the twentieth century’s most influential playwrights. It was a friendship that would shape their writing for the rest of their lives. In this groundbreaking work, Erdmut Wizisla explores what this relationship meant for them personally and professionally, as well as the effect it had on those around them. From the first meeting between Benjamin and Brecht to their experiences in exile, these eventful lives are illuminated by

personal correspondence, journal entries and private miscellany—including previously unpublished materials—detailing the friends’ electric discussions of their collaboration. Wizisla delves into the archives of other luminaries in the distinguished constellation of writers and artists in Weimar Germany, which included Margarete Steffin, Theodor Adorno, Ernst Bloch and Hannah Arendt. Wizisla’s account of this friendship opens a window on nearly two decades of European intellectual life.

Small Town Charm Carolyn Brown,2021-07-13 From the New York Times bestselling author of Small Town Rumors comes a sweet Southern story of family, forgiveness, and true love. Growing up, Cricket Lawson was never one of the popular girls. And that was just fine with her. If the Belles couldn’t

deal with her curves or tell-it-like-is attitude, she didn’t want to be friends with them anyway. Now she’s perfectly content running her little bookshop and tending to her garden. Then Bryce Walton comes to town. He’s sweet, friendly, and successful, and suddenly all the ladies in Bloom, Texas, are pulling out every ounce of Southern charm they have to win him over. But they’re shocked to discover the only one Bryce wants to spend time with is Cricket. When one of the Belles reaches out to her for help, Cricket will have to decide whether the opportunity for true friendship means losing the man who’s quickly winning her heart.

culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Storyboarding Essentials David Harland Rousseau, Benjamin Reid Phillips, 2013-06-25 A comprehensive guide to visual storytelling from Savannah College of Art and Design (SCAD), one of the world's leaders in sequential arts instruction.

Storyboarding is the process of graphically organizing a project--a motion picture, animation, motion graphic, or interactive media sequence--in order to translate artists' ideas from story to screen. Whether you're a filmmaker, animator, ad director, writer, or video-game artist--storyboarding is a skill that is absolutely critical. *Storyboarding Essentials* covers everything students and working professionals need to master the art of writing and formatting scripts, creating frames, and following visual logic to create a cohesive narrative.

Digital Content Creation Rae Earnshaw, John Vince, 2012-12-06 The very word digital has acquired a status that far exceeds its humble dictionary definition. Even the prefix digital, when associated with familiar sectors such as radio, television, photography and telecommunications, has reinvented these industries, and provided a unique opportunity to refresh them with new start-up companies, equipment, personnel, training and working practices - all of which are vital to modern national and international

economies. The last century was a period in which new media stimulated new job opportunities, and in many cases created totally new sectors: video competed with film, CDs transformed LPs, and computer graphics threatened traditional graphic design sectors. Today, even the need for a physical medium is in question. The virtual digital domain allows the capture, processing, transmission, storage, retrieval and display of text, images, audio and animation without familiar materials such as paper, celluloid, magnetic tape and plastic. But moving from these media to the digital domain introduces all sorts of problems, such as the conversion of analog archives, multimedia databases, content-based retrieval and the design of new content that exploits the benefits offered by digital systems. It is this issue of digital content creation that we address in this book. Authors from around the world were invited to comment on different aspects of digital content creation, and their contributions form the 23 chapters of this volume.

Remaking Pacific Pasts Diana Looser, 2014-10-31 Since the late

1960s, drama by Pacific Island playwrights has flourished throughout Oceania. Although many Pacific Island cultures have a broad range of highly developed indigenous performance forms—including oral narrative, clowning, ritual, dance, and song—scripted drama is a relatively recent phenomenon. Emerging during a period of region-wide decolonization and indigenous self-determination movements, most of these plays reassert Pacific cultural perspectives and performance techniques in ways that employ, adapt, and challenge the conventions and representations of Western theater. Drawing together discussions in theater and performance studies, historiography, Pacific studies, and postcolonial studies, *Remaking Pacific Pasts* offers the first full-length comparative study of this dynamic and expanding body of work. It introduces readers to the field with an overview of significant works produced throughout the region over the past fifty years, including plays in English and in French, as well as in local vernaculars and lingua francas. The discussion traces the circumstances that have

given rise to a particular modern dramatic tradition in each site and also charts routes of theatrical circulation and shared artistic influences that have woven connections beyond national borders. This broad survey contextualizes the more detailed case studies that follow, which focus on how Pacific dramatists, actors, and directors have used theatrical performance to critically engage the Pacific's colonial and postcolonial histories. Chapters provide close readings of selected plays from Hawai'i, Aotearoa/New Zealand, New Caledonia/Kanaky, and Fiji that treat events, figures, and legacies of the region's turbulent past: Captain Cook's encounters, the New Zealand Wars, missionary contact, the overthrow of the Hawaiian monarchy, and the Fiji coups. The book explores how, in their remembering and retelling of these pasts, theater artists have interrogated and revised repressive and marginalizing models of historical understanding developed through Western colonialism or exclusionary indigenous nationalisms, and have opened up new spaces for alternative historical narratives and

ways of knowing. In so doing, these works address key issues of identity, genealogy, representation, political parity, and social unity, encouraging their audiences to consider new possibilities for present and future action. This study emphasizes the contribution of artistic production to social and political life in the contemporary Pacific, demonstrating how local play production has worked to facilitate processes of creative nation building and the construction of modern regional imaginaries. *Remaking Pacific Pasts* makes valuable contributions to Pacific literature, world theater history, Pacific studies, and postcolonial studies. The book opens up to comparative critical discussion a geopolitical region that has received little attention from theater and performance scholars, extending our understanding of the form and function of theater in different cultural contexts. It enriches existing discussions in postcolonial studies about the decolonizing potential of literary and artistic endeavors, and it suggests how theater might function as a mode of historical enquiry and

debate, adding to discussions about ways in which Pacific histories might be developed, challenged, or recalibrated. Consequently, the book stimulates new discussions in Pacific studies where theater has, to date, suffered from a lack of critical exposure. Carefully researched and original in its approach, *Remaking Pacific Pasts* will appeal to scholars, graduate students, and upper-level undergraduate students in theater and performance studies and Pacific Islands studies; it will also be of interest to cultural historians and to specialists in cultural studies and postcolonial studies.

Scandinavian Colonialism and the Rise of Modernity Magdalena

Naum, Jonas M. Nordin, 2013-02-20 In *Scandinavian Colonialism and the Rise of Modernity: Small Time Agents in a Global Arena*, archaeologists, anthropologists, and historians present

case studies that focus on the scope and impact of Scandinavian colonial expansion in the North, Africa, Asia and America as well as within Scandinavia itself. They discuss early modern thinking and theories made valid and developed in early modern Scandinavia that justified and propagated participation in colonial expansion. The volume demonstrates a broad and comprehensive spectrum of archaeological, anthropological and historical research, which engages with a variation of themes relevant for the understanding of Danish and Swedish colonial history from the early 17th century until today. The aim is to add to the on-going global debates on the context of the rise of the modern society and to revitalize the field of early modern studies in Scandinavia, where methodological nationalism still determines many archaeological and historical studies. Through their theoretical commitment, critical outlook and application of postcolonial theories the contributors to this book shed a new light on the processes of establishing and maintaining colonial rule, hybridization and creolization in

the sphere of material culture, politics of resistance, and responses to the colonial claims. This volume is a fantastic resource for graduate students and researchers in historical archaeology, Scandinavia, early modern history and anthropology of colonialism

Radio Shop Supervisor National Learning Corporation, 2014 *The Radio Shop Supervisor Passbook(R)* prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: operation, maintenance and repair of radio equipment; basic electronics, including circuitry, schematics and wiring diagrams; use of electronic test equipment; repair, maintenance and operating characteristics of electronic equipment; purchase specifications for electronic equipment; and more.

Ploughman of the Moon Robert William Service, 2021-08-30 *Ploughman of the Moon* by Robert William Service. Published by Good Press. Good Press publishes a wide range of titles that

encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Sámi Educational History in a Comparative International Perspective Otso Kortekangas, Pigga Keskitalo, Jukka Nyssönen, Andrej Kotljarchuk, Merja Paksuniemi, David Sjögren, 2019-09-04 This book provides a comprehensive overview of Sámi education in a historical and internationally comparative perspective. Despite the cross-national character of the Sámi population, academic literature on Sámi education has so far been published within the different nation states in the Sámi area, and rarely in English. Exploring indigenous educational history around the world, this collection spans from Asia to Oceania to Sápmi and the

Americas. The chapters frame Sámi school history within an international context of indigenous and minority education. In doing so, two narrative threads are established: both traditional history of education, and perspectives on the decolonisation of education. This pioneering book will appeal to students and scholars of Sámi education, as well as indigenous education around the world.

Women of the West Max Binheim, Charles A. Elvin, 1928

The Planting Design Handbook Nick Robinson, 2016-06-17 Since the first edition was published in 1992, Nick Robinson's *The Planting Design Handbook* has been widely used as a definitive text on landscape architecture courses throughout the world. It remains one of the few titles written by a practicing landscape architect and educator who is also a horticulturalist and accomplished plantsman, and which deals with the application of planting design on a large scale in landscape architecture and urban design projects. *The Planting Design Handbook* is distinctive for its elegant integration of an ecological

approach with an understanding of visual and spatial composition. It emphasizes the role of vegetation layers and designed plant communities in complex and diverse plant assemblages for all kinds of sites and uses. This expanded and comprehensively updated third edition still provides a complete examination of principles and practice of design for public, institutional and private landscapes. It takes account of developments in theory and practice, especially in the use of perennials, and reflects a variety of media and approaches current in landscape architecture and design. All chapters have been revised and re-written to ensure updated references and new references have been added. Many new photographs of planting and projects around the world have been included, with examples of current professional drawings to illustrate the design process. It is generously illustrated, including a colour section and the beautifully detailed line drawings of the Chinese architect and painter Jia-Hua Wu.

The Bioarchaeology of Violence

Debra L. Martin, Ryan P. Harrod, 2012-08-05 Human violence is an inescapable aspect of our society and culture. As the archaeological record clearly shows, this has always been true. What is its origin? What role does it play in shaping our behavior? How do ritual acts and cultural sanctions make violence acceptable? These and other questions are addressed by the contributors to *The Bioarchaeology of Violence*. Organized thematically, the volume opens by laying the groundwork for new theoretical approaches that move beyond interpretation; it then examines case studies from small-scale conflict to warfare to ritualized violence. Experts on a wide range of ancient societies highlight the meaning and motivation of past uses of violence, revealing how violence often plays an important role in maintaining and suppressing the challenges to the status quo, and how it is frequently a performance meant to be witnessed by others. The interesting and nuanced insights offered in this volume explore both the costs and the benefits of violence throughout human prehistory.

South Pacific Diary, 1942-1943

Mack Morriss, 2014-10-17 A unique chronicle of the war from the perspective of a sensitive twenty-four-year-old sergeant who wrote for the Army's in-house paper, *Yank*, the *Army Weekly* and a tale of the South Pacific that will not soon be forgotten. Correspondent Mack Morriss reluctantly left his diary in the Honolulu *Yank* office in July 1943. Here is contained an account of the past eight and one-half months, he wrote in his last entry, a period which I shall never forget. The next morning he was on a plane headed back to the South Pacific and the New Georgia battleground. Morriss was working out of the press camp at Spa, Belgium, in January 1945, when he learned that the diary he had kept in the South Pacific had arrived in a plain brown wrapper at the New York office. He was so happy to know that this impossible thing had happened, he wrote to his wife, that he helped two friends murder a quart of scotch. What was preserved and appears in print here for the first time is a unique chronicle of the war in the South Pacific from the perspective of a

sensitive twenty-four-year-old sergeant. This is an intensely personal account, reporting the war from the ridge known as the Sea Horse on Guadalcanal, from the bars and dance halls of Auckland to a B-17 flying through the moonlit night to bomb Japanese installations on Bougainville. Morriss thought deeply and wrote movingly about everything connected with the war: the sordiness and heroism, the competence and ineptitude of leaders, the strange mixture of constant complaint and steady courage of ordinary GIs, friendships formed under combat stress, and, above all, what he perceived to be his own indecisiveness and weaknesses. Ronnie Day introduces Morriss's diary and illuminates the work with extensive notes based on private papers, government documents, travel in the Solomon Islands, and the recollections of men mentioned in the diary.
