Visits from the Afterlife Sylvia Browne, 2004-09-07 In *Visits from the Afterlife*, Browne journeys even deeper into The Other Side, detailing stirring true encounters, describing visitations with ghosts, in-transition spirits, and other troubled souls seeking peace and closure. She travels to locations as diverse as haunted homes and ships possessed by otherworldly forces. Through these spiritual visits, she explains the reasons behind many of the world's most bizarre and mysterious hauntings, and she shares her own personal, face-to-face experiences with these inexplicable phenomena. From surprising revelations about the spirit world to moving reunions with those who have moved on, *Visits from the Afterlife* once again illustrates spirits' profound and

eternal influence on our earthly lives.

Race, Ethnicity and Nuclear War Paul Williams, 2011-01-01 Ranging across fiction and poetry, critical theory and film, comics and speeches, *Race, Ethnicity and Nuclear War* explores how writers, thinkers, and filmmakers have tackled the question: Are nuclear weapons white? Paul Williams addresses myriad representations of nuclear weapons: the Manhattan Project, the destruction of Hiroshima and Nagasaki, nuclear tests across the globe, and the anxiety surrounding the superpowers' devastating arsenals. Ultimately, Williams concludes that many texts act as a reminder that the

power enjoyed by the white Western world imperils the whole planet.

American Surreal Todd Schorr, 2009 The latest collection of paintings by one of contemporary surrealism's most influential artists. *American Surreal* picks up where *Dreamland*, Schorr's previous bestselling collection of mind-bending paintings, left off. A Real American Character Carl Rollyson, 2015-09-10 Walter Brennan (1894-1974) was one of the greatest character actors in Hollywood history. He won three Academy Awards and became a national icon starring as Grandpa in *The Real McCoys*. He appeared in over two hundred motion pictures and became the subject of a Norman Rockwell painting, which celebrated the actor's unique role as the voice of the American Western. His life journey from Swampscott, Massachusetts, to Hollywood, to a twelve thousand-acre cattle ranch in Joseph, Oregon, is one of the great American stories. In the first biography of this epic figure, Carl Rollyson reveals Brennan's consummate mastery of virtually every kind of role while playing against and often stealing scenes from such stars as Gary Cooper, Humphrey Bogart, and John Wayne.

Rollyson fully explores Brennan's work with Hollywood's greatest directors, such as Howard Hawks, John Ford, and Fritz Lang. As a father and grandfather, Brennan instilled generations of his family with an outlook on the American Dream that remains a sustaining feature of their lives today. His conservative politics, which grew out of his New England upbringing and his devout Catholicism, receive meticulous attention and a balanced assessment in *A Real American Character*. Written with the full cooperation of the Brennan family and drawing on material in archives from every region of the United States, this new biography presents an artist and family man who lived and breathed an American idealism that made him the Real McCoy.

Santa Cruz Weird Nancy Lynn Jarvis, 2013 If you travel anywhere in the world and are asked where you're from, people smile when you say Santa Cruz. They know us. We are famous: land of *The Lost Boys*, the Mystery Spot, home to the Bigfoot Museum, and the Giant Dipper. Tourists flock to us, sometimes on their way from San

Francisco or Big Sur, but more often just to experience Santa Cruz. Our unofficial motto is "Keep Santa Cruz Weird;" we have bumper stickers proclaiming that's our intent. Santa Cruz Weird just seemed like a good fit for our County with its long interesting history, colorful residents, sunny beaches, fog-shrouded mornings, and lush forests --
