Dangerous Moves Coco Fusco,2015-11-17 The society, politics and future of Cuba are high on the world's agenda in the 21st century. Published in association with the Absolut Art Award, Dangerous Moves presents a fascinating survey of contemporary life and culture in Cuba through some of its most daring and experimental artists. Coco Fusco analyses the ways in which the regime has wielded influence over artists in recent times, showing how - in a context in which overt political speech is subject to censorship - the language of performance has emerged as the favoured means of social commentary. Focusing on a range of performative practices in visual art, music, poetry and political activism, Fusco examines the relationship between the abject body in performance and the greater body politic of a state officially defined as revolutionary yet seeking to limit and constrain dissent. A major new piece of scholarship from a global artist, writer and thinker, this is a key addition to the canon of contemporary art writing, and will be essential reading for students and scholars as well as those with a broader interest in politics, power and contemporary art.--Publisher's description.

Persephone Station Stina Leicht,2021-12-07 On the backwater planet of Brynner, at Persephone Station, a community of android refugees, all female, are hiding since they were able to awaken their AI and escape servitude. But the Serrao-Orlov Corporation is nothing if not tenacious, especially about its proprietary AI's, and it wants their property back. However, Persephone is run by Rosie, and they are in charge of an organized group of beneficent criminals and assassins, along with a bunch of worn mercenaries who have a thing for doing the honorable thing, despite the odds. And in a fight with the Serrao-Orlov Corporation, the odds are not going to be good, but it would be a glorious fight. Award-nominated author Stina Leicht has created a viciously feminist take on *The Magnificent Seven* by the way of *Blade Runner* and *Westworld*--

CinemaTexas Notes Louis Black,Collins Swords,2018-02-26 Austin's thriving film culture, renowned for international events such as SXSW and the Austin Film Festival, extends back to the early 1970s when students in the Department of Radio-Television-Film at the University of Texas at Austin ran a film programming unit that screened

movies for students and the public. Dubbed CinemaTexas, the program offered viewers a wide variety of films—old and new, mainstream, classic, and cult—at a time when finding and watching films after their first run was very difficult and prohibitively expensive. For each film, RTF graduate students wrote program notes that included production details, a sampling of critical reactions, and an original essay that placed the film and its director within context and explained the movie’s historical significance. Over time, CinemaTexas Program Notes became more ambitious and were distributed around the world, including to luminaries such as film critic Pauline Kael. This anthology gathers a sampling of CinemaTexas Program Notes, organized into four sections: “USA Film History,” “Hollywood Auteurs,” “Cinema-Fist: Renegade Talents,” and “America’s Shadow Cinema.” Many of the note writers have become prominent film studies scholars, as well as leading figures in the film, TV, music, and video game industries. As a collection, CinemaTexas Notes strongly contradicts the notion of an effortlessly formed American film canon, showing instead how local film cultures—whether in Austin, New York, or Europe—have forwarded the development of film studies as a discipline.

A Wild and Precious Life Edie Windsor, Joshua Lyon, 2019-10-08 A lively, intimate memoir from a marriage equality icon of the gay rights movement, describing gay life in the 1950s and 60s New York City and her longtime activism. Brash, funny and brave. —NPR “A captivating and inspiring story of a queer woman who believed in her right to take up space and be seen.”—BuzzFeed Windsor’s story

fighting for what she believed in is one that will leave readers inspired. —NBC OUT Edie Windsor became internationally famous when she sued the US government, seeking federal recognition for her marriage to Thea Spyer, her partner of more than four decades. The Supreme Court ruled in Edie’s favor, a landmark victory that set the stage for full marriage equality in the US. Beloved by the LGBTQ community, Edie embraced her new role as an icon; she had already been living an extraordinary and groundbreaking life for decades. In this memoir, which she began before passing away in 2017 and completed by her co-writer, Edie recounts her childhood in Philadelphia, her realization that she was a lesbian, and her active social life in Greenwich Village’s electrifying underground gay scene during the 1950s. Edie was also one of a select group of trailblazing women in computing, working her way up the ladder at IBM and achieving their highest technical ranking while developing software. In the early 1960s Edie met Thea, an expat from a Dutch Jewish family that fled the Nazis, and a widely respected clinical psychologist. Their partnership lasted forty-four years, until Thea died in 2009. Edie found love again, marrying Judith Kasen-Windsor in 2016. *A Wild and Precious Life* is remarkable portrait of an iconic woman, gay life in New York in the second half of the twentieth century, and the rise of LGBT activism.

Fire Knife Dancing John Enright, 2023-08-29 Det. Apelu Soifua risks losing his career—and his life—in a case that exposes the dark heart of American Samoa, from the author of *Pago Pago Tango*. Long before he was a cop, Apelu Soifua performed as a fire knife dancer during his teen years in San

Francisco. The Polynesian dance troupe was headed by Ezra Strand and his wife, who now live in a secluded house on the cliffs between the ocean and the jungle in Piapiatele. The elderly Ezra has once again been caught discharging a firearm, and Apelu must confiscate the weapon. He never expects Ezra to turn the shotgun on him . . . After uncovering what appears to be a smuggling operation in Ezra's house, Apelu heads to Western Samoa to investigate. He returns home with a list of women who immigrated to the American territory—and were never heard from again. When fingers start to point at Apelu and he becomes the main suspect in the murder of a prostitute, he turns to Ezra's beautiful and mysterious neighbor for help. With Apelu branded a fugitive, they begin their own search for the truth, which unveils the evil and greed hidden behind the public masks of those in high places . . . "Enright does a superb job of showing the fine line that Apelu must walk between the two very different cultures of American Samoa and the United States."

I Will Survive Gloria Gaynor, 2014-03-11 *I Will Survive* is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, *I Will Survive*, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54,

the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

God Is Not a Boy's Name Lyn Brakeman, 2016-03-02
Lyn Brakeman was among the first women to enter the ordination process in the Episcopal Church just after the General Convention voted in 1976 that women could be priests. The bishop of her diocese had voted against ordaining women priests and hospitality towards female aspirants was guarded at best. So why would a forty-year-old institutional naif, suburban housewife, and mother of four enter such unfriendly territory to seek priestly ordination at a time when her personal life was in chaos? Things would have been easier had she been a man and had she not read Betty Friedan, not been headed for divorce, and not engaged in sins beginning with a. How did she manage to stay this course? Brakeman offers no easy answers but tackles difficult issues--addiction, death and grief, divorce, the nature of priesthood, church politics, Christian feminism,

and Jesus the Christ--with candor. Her story is held together by her spiritual connection to the voice of God from within and her growing conviction that the nature of divinity is gender-free; hence, theological language in sanctuary and classroom must reflect this truth in a balanced way.

Kumba Africa Sampson Ejike Odum, 2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the

white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures

and traditions as an AFRICAN AUTHOR.

Tracing the Contours of Faith Wayne Fehr, 2024-09-18
This book is addressed to Christian believers who are feeling the ambiguities and challenges of a life of faith. Many of them may be uncertain about the meaning of the faith which they profess. The familiar words that they hear in sermons and prayers seem, at times, to belong to a reality far removed from the actual world they live in. They need to discover a meaning of their faith that they can relate to their own life experience and their general knowledge of the world. This book is a collection of brief essays written in response to specific questions about the Christian faith's vision of reality. The questions addressed here have arisen out of the experience of ordinary Christians trying to make sense of their faith. Some are asking about particular Church words. Some are expressing difficulties in believing. Some are probing the paradoxes of Christian existence. The author responds as a professional theologian and priest, writing in a non-technical way for fellow believers. His purpose is to make the best insights of sound theology available to them, to minister to their faith life. Although many of the essays are limited in scope, there is a coherent understanding of the Christian faith that underlies all of them. Each essay is simply articulating part of that understanding in response to

a specific question.

The Commune Louise Michel, Mikhail Bakunin, Voltairine de Cleyre, Alexander Berkman, Maurice Brinton, 2013-04-02
On 18 March 1871, the Parisian working class began a rebellion that shook the foundations of European society. Laborers seized direct control over their city, expelling their government and capitalist rulers. These revolutionary men and women declared Paris an independent municipality and commune where they would collectively manage their society through new institutions of their own creation, providing for their own welfare and defense. The Commune was annihilated 71 days later in one of the deadliest campaigns in French military history, La Semaine Sanglante, The Bloody Week, during which over 30,000 men, women, and children were murdered for their revolutionary aspirations. Despite the brutality of its destruction, the Paris Commune uprising inspired revolutionaries the world over. In the near century-and-a-half that has passed since the Commune's destruction, anarchists and libertarian-socialists across the generations have looked to the 1871 Paris Commune, seeking to learn from its example--both its strengths and its limitations. *The Commune: Paris, 1871*, is a new collection of writings and critical reflections on the Paris Commune by classic anarchist and libertarian-socialist authors like Louise Michel, William Morris, Mikhail Bakunin, Peter Kropotkin, Voltairine de Cleyre, Alexander Berkman and Maurice Brinton.
