*The Case for Heaven* Lee Strobel, 2021-09-14 Bestselling and award-winning author Lee Strobel interviews experts about the evidence for the afterlife and offers credible answers to the most provocative questions about what happens when we die, near-death experiences, heaven, and hell. We all want to know what awaits us on the other side of death, but is there any reliable evidence that there is life after death? Investigative author Lee Strobel offers a lively and compelling study into one of the most provocative topics of our day. Through fascinating conversations with respected scholars and experts--a neuroscientist from Cambridge University, a researcher who analyzed a thousand accounts of near-death

experiences, and an atheist-turned-Christian-philosopher--Strobel offers compelling reasons for why death is not the end of our existence but a transition to an exciting world to come. Looking at biblical accounts, Strobel unfolds what awaits us after we take our last breath and answers questions like: Is there an afterlife? What is heaven like? How will we spend our time there? And what does it mean to see God face to face? With a balanced approach, Strobel examines the alternative of Hell and the logic of damnation, and gives a careful look at reincarnation, universalism, the exclusivity claims of Christ, and other issues related to the topic of life after death. With vulnerability, Strobel shares the experience of how he nearly died years ago and how the reality of death can shape our lives and faith. Follow Strobel on this journey of discovery of

the entirely credible, believable, and exhilarating life to come.

**Salt & Straw Ice Cream Cookbook** Tyler Malek, JJ Goode, 2019-04-30 Using a simple five-minute base recipe, you can make the "brilliant" (Andrew Zimmern), "astonishingly good" (Ruth Reichl) flavors of the innovative "ice cream gods" (Bon Appétit) Salt & Straw at home. NAMED ONE OF THE BEST COOKBOOKS OF THE SEASON BY Eater • Delish • Epicurious Based out of Portland, Oregon, Salt & Straw is the brainchild of two cousins, Tyler and Kim Malek, who had a vision but no recipes. They turned to their friends for advice—chefs, chocolatiers, brewers, and food experts of all kinds—and what came out is a super-simple base that takes five minutes to make, and an ice cream company that sees new flavors and inspiration everywhere they look.

Using that base recipe, you can make dozens of Salt & Straw's most beloved, unique (and a little controversial) flavors, including Sea Salt with Caramel Ribbons, Roasted Strawberry and Toasted White Chocolate, and Buttered Mashed Potatoes and Gravy. But more importantly, this book reveals what they've learned, how to tap your own creativity, and how to invent flavors of your own, based on whatever you see around you. Because ice cream isn't just a thing you eat, it's a way to live. Praise for Salt & Straw Ice Cream Cookbook "Making ice cream at home is already enough of a mental hurdle. . . . Salt & Straw is out to prove us wrong with a new cookbook . . . making crazy ice cream flavors is more than doable—it's addictive."—Portland Monthly "The approachable, you-can-do-this nature of the book should be all that home cooks need to try it out."—Eater "I originally sought out this book solely because of the Meyer Lemon Blueberry Buttermilk Custard. . . . It is the greatest ice cream flavor that's ever existed and, because it's only a seasonal flavor in their stores, I needed the recipe so I could make it

whenever I wanted."—Bon Appétit "A cookbook dedicated to ice cream? Yes, please. This is essential reading for Salt & Straw fans."—Food & Wine "Few of America's many ice cream makers are as seasonally minded and downright creative as Salt & Straw co-founder Tyler Malek."—GrubStreet

Kumba Africa Sampson Ejike

Odom, 2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odom, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past

heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New Yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man

through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.
