The Case for Heaven Lee Strobel,2021-09-14 Bestselling and award-winning author Lee Strobel interviews experts about the evidence for the afterlife and offers credible answers to the most provocative questions about what happens when we die, near-death experiences, heaven, and hell. We all want to know what awaits us on the other side of death, but is there any reliable evidence that there is life after death? Investigative author Lee Strobel offers a lively and compelling study into one of the most provocative topics of our day. Through fascinating conversations with respected scholars and experts--a neuroscientist from Cambridge University, a researcher who analyzed a thousand accounts of near-death experiences, and an atheist-turned-Christian-philosopher--Strobel offers compelling reasons for why death is not the end of our existence but a transition to an exciting world to come. Looking at biblical accounts, Strobel unfolds what awaits us after we take our last breath and answers questions like: Is there an afterlife? What is heaven like? How will we spend our time there? And what does it mean to see God face to face? With a balanced approach, Strobel

examines the alternative of Hell and the logic of damnation, and gives a careful look at reincarnation, universalism, the exclusivity claims of Christ, and other issues related to the topic of life after death. With vulnerability, Strobel shares the experience of how he nearly died years ago and how the reality of death can shape our lives and faith. Follow Strobel on this journey of discovery of the entirely credible, believable, and exhilarating life to come.

Rampage Nation Louis Klarevas,2016-08-23 In the past decade, no individual act of violence has killed more people in the United States than the mass shooting. This well-researched, forcefully argued book answers some of the most pressing questions facing our society: Why do people go on killing sprees? Are gun-free zones magnets for deadly rampages? What can we do to curb the carnage of this disturbing form of firearm violence? Contrary to conventional wisdom, the author shows that gun possession often prods aggrieved, mentally unstable individuals to go on shooting sprees; these attacks largely occur in places where

guns are not prohibited by law; and sensible gun-control measures like the federal Assault Weapons Ban—which helped drastically reduce rampage violence when it was in effect—are instrumental to keeping Americans safe from mass shootings in the future. To stem gun massacres, the author proposes several original policy prescriptions, ranging from the enactment of sensible firearm safety reforms to an overhaul of how the justice system investigates potential active-shooter threats and prosecutes violent crimes. Calling attention to the growing problem of mass shootings, *Rampage Nation* demonstrates that this unique form of gun violence is more than just a criminal justice offense or public health scourge. It is a threat to American security.

Prevention Pipeline, 1987 An alcohol and drug awareness service.

Ingmar Bergman's *Persona* Lloyd Michaels, 2000 Long held to be among the world's greatest filmmakers, Ingmar Bergman shaped international art cinema from the 1950s to the 1980s. Among his many works, *Persona* is often considered to be his masterpiece and is often described as one of the central works of Modernism. Bergman himself claimed that this film 'touched wordless secrets only the cinema can discover'. The essays collected in this volume, and published for the first time, use a variety of methodologies to explore topics such as acting technique, genre, and dramaturgy. It also includes translations of Bergman's early writings that have never before been available in English, as well as an updated filmography and bibliography that cover the filmmaker's most recent work.

Stardust Dads Josephine C. George, David R.

George, 2008-10-17 The e-mail Danny and Allison read on their new computer in 1996 looks no different from the millions of others received by Web users around the world, with one glaring exception--it was sent by their dads who died during the 1970s. While residing in the afterworld at an amenity-laden paradise called Midway Manor, guitar-strumming Mickey Parks and piano-playing Lloyd Wallace monitor and manipulate the lives of their adult children on earth from the mid-'70s through the 1990s. Tampering with the facility's sophisticated computer, the dads thrust Mickey's daughter Allison and Lloyd's son Danny into a passionate but sometimes stormy relationship—a relationship steeped in Danny's heavy drinking and entangled in the often-zany world of men's adventure magazine publishing. After carefully implementing a plan to send their son and daughter a gift of knowledge that could enrich their lives forever, the dads' brief contact is cut short. They are banished to another destination in the afterworld, but not before they impart indisputable proof of life after death--and unwittingly put Danny's and Allison's earthbound lives on the line.

2010 ADA Standards for Accessible Design Department Justice, 2014-10-09 (a) Design and construction. (1) Each facility or part of a facility constructed by, on behalf of, or for the use of a public entity shall be designed and constructed in such manner that the facility or part of the facility is readily accessible to and usable by individuals with disabilities, if the construction was commenced after January 26, 1992. (2) Exception for structural impracticability. (i) Full

compliance with the requirements of this section is not required where a public entity can demonstrate that it is structurally impracticable to meet the requirements. Full compliance will be considered structurally impracticable only in those rare circumstances when the unique characteristics of terrain prevent the incorporation of accessibility features. (ii) If full compliance with this section would be structurally impracticable, compliance with this section is required to the extent that it is not structurally impracticable. In that case, any portion of the facility that can be made accessible shall be made accessible to the extent that it is not structurally impracticable. (iii) If providing accessibility in conformance with this section to individuals with certain disabilities (e.g., those who use wheelchairs) would be structurally impracticable, accessibility shall nonetheless be ensured to persons with other types of disabilities, (e.g., those who use crutches or who have sight, hearing, or mental impairments) in accordance with this section.

Widescreen Cinema John Belton, 1992 Ladies and gentlemen: THIS IS CINERAMA. With these words, on September 30, 1952, the heavy red curtains in New York's Broadway Theatre opened on a panoramic Technicolor image of the Rockaways Playland Atom-Smasher Roller Coaster--and moviegoers were abruptly plunged into a new and revolutionary experience. The cinematic transformation heralded by this giddy ride was, however, neither as sudden nor as straightforward as it seemed. Widescreen Cinema leads us through the twists and turns and decades it took for film to change its shape and, along the way, shows how this fitful process reflects the vagaries of cultural history. Widescreen and wide-film processes had existed since the 1890s. Why, then, John Belton asks, did 35mm film become a standard? Why did a widescreen revolution fail in the 1920s but succeed in the 1950s? And why did movies shrink again in the 1960s, leaving us with the small screen multiplexes and mall cinemas that we know today? The answers, he discovers, have as much to do with popular notions of leisure time and entertainment as with technology. Beginning with film's progress from peepshow to projection in 1896 and focusing on crucial stages in film history, such as the advent of sound, Belton puts widescreen cinema into its proper

cultural context. He shows how Cinerama, CinemaScope, Vista Vision, Todd-AO, and other widescreen processes marked significant changes in the conditions of spectatorship after World War II -and how the film industry itself sought to redefine those conditions. The technical, the economic, the social, the aesthetic -every aspect of the changes shaping and reshaping film comes under Belton's scrutiny as he reconstructs the complex history of widescreen cinema and relates this history to developments in mass-produced leisure-time entertainment in the twentieth century. Highly readable even at its most technical, this book illuminates a central episode in the evolution of cinema and, in doing so, reveals a great deal about the shifting fit between film and society.

Arctic Cinemas Kylo-Patrick R. Hart, 2021-06-03 Arctic cinemas represent a noteworthy new subfield of film studies, and in the current era of unprecedented global warming, interest in the Arctic region and its cinematic portrayals has never been greater. Individually and collectively, films pertaining to Arctic inhabitants and experiences have substantially influenced viewer perceptions of the region throughout the world, often serving as blank slates for the fantasies and projections of individuals elsewhere with regard to its challenging landscape and perceived otherworldliness. Written by a blend of academic scholars, artists, and filmmakers, this collection of essays provides a transnational overview of the variety of works--ranging from art films and documentaries to horror and road movies--that fall under the conceptual rubric of Arctic cinemas, and examines their contributions to past and present perceptions of the Arctic. Theoretical and analytical approaches represented here include critical theory, cultural studies, ecocriticism, ethnography, gender studies, genre theory, historiography, and indigenous studies.

Greetings from Bury Park (Blinded by the Light Movie Tie-In) Sarfraz Manzoor, 2009-03-12 The inspiration for the smash Sundance hit, soon to be a major motion picture, *Blinded by the Light*: The acclaimed memoir about the power of Bruce Springsteen's music on a young Pakistani boy growing up in Britain in the 1970s. Sarfraz Manzoor was two years old when, in 1974, he emigrated from Pakistan to Britain with his mother, brother, and sister. Sarfraz spent his teenage years in a constant battle, trying to reconcile being both British and Muslim, trying to fit in at school and at

home. But it was when his best friend introduced him to the music of Bruce Springsteen that his life changed completely. From the age of sixteen on, after the moment he heard the harmonica and opening lines to "The River," Springsteen became his personal muse, a lens through which he was able to view the rest of his life. Both a tribute to Springsteen and a story of personal discovery, *Greetings from Bury Park* is a warm, irreverent, and exceptionally perceptive memoir about how music transcends religion and race.
