Gridiron Genius Michael Lombardi,2018-09-11 Former NFL general manager and three-time Super Bowl winner Michael Lombardi reveals what makes football organizations tick at the championship level. From personnel to practice to game-day decisions that win titles, Lombardi shares what he learned working with coaching legends Bill Walsh of the 49ers, Al Davis of the Raiders, and Bill Belichick of the Patriots, among others, during his three decades in football.

Why do some NFL franchises dominate year after year while others can never crack the code of success? For 30 years Michael Lombardi had a front-row seat and full access as three titans--Bill Walsh, Al Davis, and Bill Belichick--reinvented the game, turning it into a national obsession while piling up Super Bowl trophies. Now, in *Gridiron Genius*, Lombardi provides the blueprint that makes a successful organization click and win--and the mistakes unsuccessful organizations make that keep them on the losing side time and again. In reality, very few coaches understand the philosophies, attention to detail, and massive commitment that defined NFL juggernauts like the 49ers and the Patriots. The best organizations are not just employing players, they are building something bigger. *Gridiron Genius* will explain how the best leaders evaluate, acquire, and utilize personnel in ways other professional minds, football and otherwise, won't even contemplate. How do you know when to trade a player? How do you create a positive atmosphere when everyone is out to maximize his own paycheck? And why is the tight end like the knight on a chessboard? To some, game planning consists only of designing an attack for the next opponent. But Lombardi explains how the smartest leaders script everything: from an

afternoon's special-teams practice to a season's playoff run to a decade-long organizational blueprint. Readers will delight in the Lombardi tour of an NFL weekend, including what really goes on during the game on and off the field and inside the headset. First stop: Belichick's Saturday night staff meeting, where he announces how the game will go the next day. Spoiler alert: He always nails it. Football dynasties are built through massive attention to detail and unwavering commitment. From how to build a team, to how to watch a game, to understanding the essential qualities of great leaders, Gridiron Genius gives football fans the knowledge to be the smartest person in the room every Sunday.

We Believe You Annie E. Clark, Andrea L.

Pino, 2016-04-12 From young activists at the forefront of the movement to end sexual assault on college campuses, a

collection of survivor stories that will connect with students and inform and inspire us all Across the U.S. student activists are exposing a pervasive cover-up of sexual assault on college campuses. Every day more survivors come forward. But other survivors choose not to. We Believe You elevates the stories the headlines about this issue have been missing--more than 30 experiences of trauma, healing and everyday activism, representing a diversity of races, economic and family backgrounds, gender identities, immigration statuses, interests, capacities and loves. More than 1 in 5 women and 5 percent of men are sexually assaulted at college, a shocking status quo that might have stayed largely hidden and unaddressed but for the two authors of We Believe You. In 2013, Annie E. Clark and Andrea L. Pino, then 23 and 20, building on the work of earlier activists, outed themselves as assault survivors and filed a federal complaint against the University of North Carolina (Chapel Hill) for mishandling such crimes; within a month, the U.S. government began to investigate UNC. Within a year, dozens of colleges were under federal investigation. But Clark and Pino rightly see themselves as two among many. Students from every kind of college and university--large and small, public and private, highly selective and less so--are sounding alarms and staking claims to justice by filing complaints, by pressing charges, and by simply living beyond the effects of assault and the betrayals of their schools. A sampling of their voices speak out in this book--

Sunset Cocktails, 2021-08-17 From golden ice cubes to crepuscular charcoal dust: sunset-inspired cocktail recipes to

enliven that special hour This book is an invitation to transform the simple contemplation of a well-mixed cocktail into a sensory experience of drinking the sunset. In 2020, French artist and architect Guillaume Aubry (born 1982) asked the celebrated Paris-based American mixologist Sterling Hudson to translate his artistic research on sunsets into cocktail recipes. Based on Aubry's research and Hudson's expertise, *Sunset Cocktails* presents 12 cocktails inspired by the beauty of a sunset, from the dazzling *Regulus*, whose saffron ice cube glows gold once submerged in vermouth, to the *Grand Soir*, a liquid sunset that infuses a dusting of charcoal into a crisp glass of vodka. With luxurious full-color photographs of the cocktails and the sunsets that inspired them, this volume encourages readers to consider mixology as a creative form of expression in the larger context of art history; in addition to Aubry's own writing on the subject, Japanese poet Ryoko Sekiguchi provides a luminous afterword to prepare readers' imaginations for an aesthetic and gustatory experience. A small-format, easily accessible volume, *Sunset Cocktails* presents Aubry and Hudson's collaboration with a uniquely poetic flair, encouraging readers to reflect upon society's relationship with sunsets and our collective aesthetic experience of quotidian moments of beauty, whether those manifest as a sunset, a fancy cocktail, or both.
