## Douglas Valentine

### Operation Valentine 2024 :

*Operation Oleander* Valerie O. Patterson, 2013-03-05  
Ninth-grader Jess Westmark had the best of intentions when she started Operation Oleander to raise money for a girls' orphanage in Kabul. She named her charity for the oleander that grows both in her Florida hometown and in Afghanistan, where her father is deployed. But on one of her father's trips to deliver supplies to the orphans, a car bomb explodes nearby and her father is gravely injured. Worse, her best friend's mother and some of the children are killed, and people are blaming Operation Oleander for turning the orphanage into a military target for the Taliban. Is this all Jess's fault?

[The Phoenix Program](#) Douglas Valentine, 2014-06-10  
"This shocking expose of the CIA operation aimed at destroying the Vietcong infrastructure thoroughly conveys the hideousness of the Vietnam War" (Publishers Weekly). In the darkest days of the Vietnam War, America's Central Intelligence Agency secretly initiated a sweeping program of kidnap, torture, and assassination devised to destabilize the infrastructure of the National Liberation Front (NLF) of South Vietnam, commonly known as the "Viet Cong." The

victims of the Phoenix Program were Vietnamese civilians, male and female, suspected of harboring information about the enemy—though many on the blacklist were targeted by corrupt South Vietnamese security personnel looking to extort money or remove a rival. Between 1965 and 1972, more than eighty thousand noncombatants were "neutralized," as men and women alike were subjected to extended imprisonment without trial, horrific torture, brutal rape, and in many cases execution, all under the watchful eyes of US government agencies. Based on extensive research and in-depth interviews with former participants and observers, Douglas Valentine's startling exposé blows the lid off of what was possibly the bloodiest and most inhumane covert operation in the CIA's history. The ebook edition includes "The Phoenix Has Landed," a new introduction that addresses the "Phoenix-style network" that constitutes America's internal security apparatus today. Residents on American soil are routinely targeted under the guise of protecting us from terrorism—which is why, more than ever, people need to understand what Phoenix is all about.

*Anatomic Exposures in Vascular Surgery* Gary G. Wind, R. James Valentine, 2013-02-19 Revised, updated, and expanded

for its Third Edition, *Anatomic Exposures in Vascular Surgery*, is an indispensable guide for the vascular surgeon planning an operation. This classic anatomic reference contains over 550 drawings by a renowned surgeon and illustrator depicting the complex anatomy of the vasculature and surrounding structures, and demonstrating the ideal exposure techniques. The original illustrations will be presented in full color to fully convey three-dimensional concepts of anatomic relationships of the blood vessels and their surrounding structures, which will help to guide surgical decision-making in vascular surgery. Concise legends and text describe the anatomy in relation to the surgical approach. The book is organized by body region, and chapters are divided into anatomic overview and surgical approach sections, which allows the book to be used for extensive study or quick review, depending on the needs of the reader. New sections to this edition include forearm compartment syndrome, forearm fasciotomy, and vascular exposure of the lumbar spine. New concepts regarding surgical approaches to the blood vessels are updated in each chapter along with up-to-date references.

**Operation Mistletoe** Elizabeth Maddrey, 2015-12  
Victoria Spencer hates Christmas. For the last ten years, disaster has struck on Christmas Eve, leaving Tori dreading the holidays. When she's assigned to cover the light displays for her newspaper, she's determined to spend as little time on the article as possible. Especially once she realizes she's to feature frat boy Gabe The Babe Robertson, her former college crush. Gabe Robertson is a different man than he was in college. Every December, he transforms his acreage into a

winter wonderland designed to celebrate the birth of Christ and share God's love with the community. He also uses the lights to raise money for Operation Mistletoe, an organization that sends Christmas to troops stationed overseas. Unable to set aside her prejudice, Tori looks for ulterior motives in Gabe's actions and determines to dig deeper. Will her investigations destroy any chance of a Merry Christmas?

**TDY** Douglas Valentine, 2020-01-15 Pete's vivid personal accounts in TDY in the dark world of Black Operations quickly morph from mysterious suspense to a dangerous, terrifying adventure... This compelling story will keep you on edge throughout...." S. BRIAN WILLSON, author, *Don't Thank Me For My Service* This novel by Douglas Valentine, author of the nonfiction bestseller *The CIA as Organized Crime*, is based on a true story, one told to him by a Vietnam veteran and barely, yet grippingly, fictionalized here. In early 1967, a bored, adventurous photojournalist on an Air Force base in Texas is offered a Temporary Duty (TDY) assignment somewhere overseas. The mission is steeped in secrecy, but Pete is promised a large bonus and hazardous duty pay. So he agrees. He and a small group of photojournalists, each with a special skill, are isolated on a Special Forces base where they are kept under constant surveillance by a group of highly trained and menacing soldiers. The small band of twelve men is flown overseas on a transport plane large enough for 120 men. They are never told where they are going, until they arrive. And when they finally reach their destination, the mission that unfolds is terrifying beyond anything Pete ever imagined. The secret would haunt him for

the rest of his life. TDY shows how “black operations” are organized and conducted. Meticulous in detail, and accurate in every aspect of “over the fence” missions deep into enemy territory, it reveals for the uninitiated the skill, determination, and self-sacrifice of American soldiers. In stark contrast to the honor and commitment of these soldiers, TDY reveals the unimaginable duplicity and corruption of powerful men for whom American soldiers and civilians are pawns in a ruthless game. Written in sparing prose, TDY is a story of Pete’s journey through the underworld and his awakening to the reality of the Vietnam War and the CIA role in Southeast Asia

**The Valentines in America** T. Valentine, 2024-01-11  
Reprint of the original, first published in 1874.

*86--EIGHTY-SIX: Operation High School* Suzume Somemiya, Asato Asato, 2024-11-05 The Republic of San Magnolia is enjoying peaceful days, having not been invaded by the neighboring empire’s Legion weapons. This is the story of Shin, Lena, and their friends as normal students attending Eighty-Six Private High School, where they’ll partake in club activities, the culture festival, a fireworks festival, and more! A story of heartwarming romance and glorious youth that could never have happened in the original 86 unfolds!

**Very Valentine** Adriana Trigiani, 2009-05-05 From the bestselling author of *The Shoemaker's Wife*, a Richard and Judy Book Club pick One unforgettable woman. One heart and dream as big as New York City. Makers of custom wedding shoes since 1903, the Angelini Shoe Company is one of the last family businesses in Greenwich Village. Now on

the brink of financial ruin, thirty-three year old Valentine Roncalli, the talented apprentice, and her grandmother Teodora, the master artisan, are trying to bring the family’s old-world craftsmanship into the twenty-first century. Juggling a romantic relationship with dashing chef Roman Falconi, her duty to her family and a design competition for a prestigious department store, Valentine accompanies her grandmother to Italy in the hope of finding inspiration. Sweeping from the streets of Manhattan to picturesque Tuscany and the Isle of Capri, she discovers her artistic voice and so much more, turning her life around in ways she never expected. ‘Charming, charismatic and addictive... an absolute treat’ Company ‘A funny, heart-warming tale of a woman looking for love, family harmony and the perfect shoe’ Heat ‘Load up on cappuccino and biscotti before getting lost in the super froth of Adriana Trigiani's romance-soaked novel, *Very Valentine*’ Marie Claire ‘This hymn to Italian New York is a treat’ Elle ‘Sex and the City meets Moonstruck... sly, sensual and dripping in style’ People ‘Like tucking into a plate of homemade manicotti: irresistible and delicious’ BookPage

Essential Paediatric Surgery Paul D Losty, Martin T Corbally, 2024-06-03 With this timely practical textbook encompassing the full range of clinical conditions within paediatric surgery, surgeons-in-training will be delighted to discover that the book offers them a concise outline of paediatric surgical practice, thus ensuring that they are wholly familiar with a wide range of clinical scenarios. Key topics are included within sections on neonatal surgical conditions, surgical disorders of infancy, surgical conditions

in childhood and adolescence, head and neck, hepatobiliary and pancreatic disorders, preparation of the child for surgery, malignant disorders, urology, neurosurgery and trauma. Short chapters complemented by clinical photography, schematic figures and tables splendidly enable the reader to understand key concepts with confidence. Author-experts throughout the world have generously contributed to this textbook, ensuring that the contents reflect 'real world' practice. A wide range of readers, notably surgeons-in-training, members of the paediatric surgery care team including nursing staff, postgraduates seeking core knowledge of paediatric surgery for board examinations, and surgeons planning to specialise in paediatric surgery, will benefit greatly from this practical guide.

Gamblers, Fraudsters, Dreamers & Spies Robert Whiting, 2024-05-28 Bob Whiting came to the city as a stranger in a strange land in 1962 and stayed for five decades—he knows the dark alleys, the good whisky bars, the crooked politicians and the crooks, the baseball players, the bookies...better than anyone alive. —Jake Adelstein, author of Tokyo Vice Critically acclaimed author and longtime Japan resident Robert Whiting turns his attention to the fascinating stories of foreigners who made waves and achieved notoriety in post-World War II Japan. In this rare insider's look at Japan through the eyes of foreigners, this book covers a fascinating swathe of Japanese history, from the immediate postwar period up to the 2022 assassination of Prime Minister Shinzo Abe. The fascinating stories of the gamblers, dreamers, and other chancers who made their mark in modern Japan include US servicemen running

Vegas-style gambling dens; baseball managers Like Bobby Valentine; hostesses, bar managers and wannabe yakuza gangsters; religious fanatics such as Members of the Moonies, and businessmen like disgraced Nissan CEO Carlos Ghosn. This fascinating book provides an unvarnished look at the post-war history of Japan and offers cautionary tales about how welcoming Japan really is towards outsiders. It is based on original research and reporting by the author, a 60-year resident of Tokyo.

**Contemporary Business** Louis E. Boone, David L. Kurtz, Daniel Pfaltzgraf, 2024-10-01 Amazon's founder, Jeff Bezos continues to lead a company that has gone from clever garage-based startup to global e-commerce and technology powerhouse. His journey in transforming the budding company focused simply on selling books over the internet to one of the world's most influential companies highlights two of the greatest forces that are influencing business today: globalization and technology. Innovative companies like Amazon contribute greatly to the national and global economy. A growing economy, one with increased production of goods and services over time, also yields income for its business owners and their employees. Businesses are how we make and share new wealth through things like products, services, pay for employees, and taxes that go to the

government at different levels. A country depends on the wealth its businesses generate, from giants like the Walt Disney Company, to nimble, fast-growing, online startups like Airbnb, and even local mom-and-pop diners where you live. What all these companies and many others share is a creative approach to meeting society's needs and wants--

### **The CIA as Organized Crime** Douglas

Valentine,2016-11-28 This book provides insight into the paradigmatic approaches evolved by CIA decades ago in Vietnam which remain operational practices today in Afghanistan, El Salvador, Iraq, Syria, Yemen and elsewhere. Valentine's research into CIA activities began when CIA Director William Colby gave him free access to interview CIA officials who had been involved in various aspects of the Phoenix program in South Vietnam. The CIA would rescind it, making every effort to impede publication of The Phoenix Program, which documented the CIA's elaborate system of population surveillance, control, entrapment, imprisonment, torture and assassination in Vietnam. While researching Phoenix, Valentine learned that the CIA allowed opium and heroin to flow from its secret bases in Laos, to generals and politicians on its payroll in South Vietnam. His investigations into this illegal activity focused on the CIA's relationship with the federal drugs agencies mandated by Congress to stop illegal drugs from entering the United States. Based on interviews with senior officials, Valentine wrote two subsequent books, *The Strength of the Wolf* and *The Strength of the Pack*, showing how the CIA infiltrated federal drug law enforcement agencies and commandeered their executive management, intelligence and foreign operations

staffs in order to ensure that the flow of drugs continues unimpeded to traffickers and foreign officials in its employ. Ultimately, portions of his research materials would be archived at the National Security Archive, Texas Tech University's Vietnam Center, and John Jay College. This book includes excerpts from the above titles along with updated articles and transcripts of interviews on a range of current topics, with a view to shedding light on the systemic dimensions of the CIA's ongoing illegal and extra-legal activities. These terrorism and drug law enforcement articles and interviews illustrate how the CIA's activities impact social and political movements abroad and in the United States. A common theme is the CIA's ability to deceive and propagandize the American public through its impenetrable government-sanctioned shield of official secrecy and plausible deniability. Though investigated by the Church Committee in 1975, CIA praxis then continues to inform CIA praxis now. Valentine tracks its steady infiltration into practices targeting the last population to be subjected to the exigencies of the American empire: the American people.

### **Grace Will Lead Me Home** Katherine Valentine,2004

While Father James mentors a young man with a troubled past, misunderstandings compromise the nuptial plans of Harry and Nellie, and Lori discovers that the baby she carries may be disabled. By the author of *A Gathering of Angels*. Original.

**The Lost Kitchen** Erin French,2017-05-09 An evocative, gorgeous four-season look at cooking in Maine, with 100 recipes No one can bring small-town America to life better than a native. Erin French grew up in Freedom, Maine (population 719), helping her father at the griddle in his diner. An entirely self-taught cook who used cookbooks to form her culinary education, she now helms her restaurant, The Lost Kitchen, in a historic mill in the same town, creating meals that draw locals and visitors from around the world to a dining room that feels like an extension of her home kitchen. The food has been called “brilliant in its simplicity and honesty” by Food & Wine, and it is exactly this pure approach that makes Erin’s cooking so appealing—and so easy to embrace at home. This stunning giftable package features a vellum jacket over a printed cover.
