### Misfit City Vol. 1 Kirsten Smith, Kurt

Lustgarten, 2017-12-13 Smothered by her backwater hometown and frustrated by its 1980s cult-movie fame (The Gloomies...have you seen it? It's a real classic, y'know.), Wilder is pretty sure she's seen everything Cannon Cove has to offer. She's desperate to get away from home as soon as she can, and move on to bigger, better, and less annoying

things...even if that might mean leaving her best friends behind. But when Wilder discovers a centuries-old pirate map, she may find out that REAL adventure was in their tiny town all along...and they need each other to get to the bottom of it! It's a rip-roaring adventure written by award-winning screenwriter Kiwi Smith (10 Things I Hate About You, Legally Blonde) and Kurt Lustgarten, and illustrated by Naomi Franquiz.

Phantoms Dean Koontz, 2002-02-05 "Phantoms is gruesome and unrelenting...It's well realized, intelligent, and humane."—Stephen King They found the town silent, apparently abandoned. Then they found the first body, strangely swollen and still warm. One hundred fifty were dead, 350 missing. But the terror had only begun in the tiny mountain town of Snowfield, California. At first they thought it was the work of a maniac. Or terrorists. Or toxic contamination. Or a bizarre new disease. But then they found the truth. And they saw it in the flesh. And it was worse than anything any of them had ever imagined...

The Deep Nick Cutter, 2015-07-28 A strange plague called the 'Gets is decimating humanity on a global scale. It causes people to forget--small things at first, like where they left their keys, then the not-so-small things like how to drive or the letters of the alphabet. Then their bodies forget how to function involuntarily. There is no cure. But far below the surface of the Pacific Ocean, a universal healer hailed as 'ambrosia' has been discovered. In order to study this phenomenon, a special research lab has been built eight miles under the sea's surface. When the station goes incommunicado, a brave few descend through the lightless fathoms in hopes of unraveling the mysteries lurking at those crushing depths...and perhaps to encounter an evil blacker than anything one could possibly imagine--Page [4] of cover.

**Tender Is the Flesh** Agustina Bazterrica, 2020-08-04 Working at the local processing plant, Marcos is in the business of slaughtering humans—though no one calls them that anymore. His wife has left him, his father is sinking into dementia, and Marcos tries not to think too hard about how he makes a living. After all, it happened so quickly. First, it was reported that an infectious virus has made all animal meat poisonous to humans. Then governments initiated the “Transition.” Now, eating human meat—“special meat”—is legal. Marcos tries to stick to numbers, consignments, processing. Then one day he's given a gift: a live specimen of

the finest quality. Though he's aware that any form of personal contact is forbidden on pain of death, little by little he starts to treat her like a human being. And soon, he becomes tortured by what has been lost—and what might still be saved.

**The Book Eaters** Sunyi Dean, 2022-08-02 I devoured this.—V. E. To them, spy novels are a peppery snack; romance novels are sweet and delicious. Eating a map can help them remember destinations, and children, when they misbehave, are forced to eat dry, musty pages from dictionaries. Devon is part of The Family, an old and reclusive clan of book eaters. Her brothers grow up feasting on stories of valor and adventure, and Devon—like all other book eater women—is raised on a carefully curated diet of fairy tales and cautionary stories. **We Need to Talk About Kevin** Lionel

Shriver,2011-05-01 The inspiration for the film starring Tilda Swinton and John C. Reilly, this resonant story of a mother's unsettling quest to understand her teenage son's deadly violence, her own ambivalence toward motherhood, and the explosive link between them remains terrifyingly prescient. Eva never really wanted to be a mother. And certainly not the mother of a boy who murdered seven of his fellow high school students, a cafeteria worker, and a much-adored teacher in a school shooting two days before his sixteenth birthday. Neither nature nor nurture exclusively shapes a child's character. But Eva was always uneasy with the sacrifices and social demotion of motherhood. Did her internalized dislike for her own son shape him into the killer he's become? How much is her fault? Now, two years later, it is time for her to come to terms with Kevin's horrific rampage, all in a series of startlingly direct correspondences with her estranged husband, Franklin. A piercing, unforgettable, and penetrating exploration of violence and responsibility, a book that the Boston Globe describes as "impossible to put down," is a stunning examination of how tragedy affects a town, a marriage, and a family.

My Dog Tulip J. R. Ackerley,2011-11-30 Heartwarming and profound, this account of one writer's relationship with his beloved German Shepherd is "one of the bonafide dog-lit classics" (New Yorker) The distinguished British man of letters J. R. Ackerley hardly thought of himself as a dog lover when, well into middle age, he came into possession of a German Shepherd. To his surprise, she turned out to be the love of his life, the "ideal friend" he had been searching for in vain for years. My Dog Tulip is a bittersweet retrospective

account of their sixteen-year companionship, as well as a profound and subtle meditation on the strangeness that lies at the heart of all relationships. In vivid and sometimes startling detail, Ackerley tells of Tulip's often erratic behavior and very canine tastes, and of his own fumbling but determined efforts to ensure for her an existence of perfect happiness. My Dog Tulip was adapted for the screen as a major animated feature film with a cast that includes the voices of Christopher Plummer, Lynn Redgrave, and Isabella Rossellini. Heralded as "a stroke of genius by New York Magazine and "the love story of the year" by Vanity Fair, it is a masterpiece of animal literature that is sure to touch the hearts of anyone who has found companionship with their own four-legged friend.
